

# FOREWORD

Hello Everyone!

How do you do? It's very nice to meet you. We are known as Yataneko.

This copybook contains reprints of things from last year's Comiket.

We truly apologize to those who had came to purchase this last time. Especially because HP said the price has since been raised. We didn't expect to attract so many people over there and we would like to take this opportunity to apologize for that.

Now,

Last time we had the following requests:

「To make pictures as large as possible」

「To add more rough drafts alongside them」 +

A reprint of the Summer Comic Copybook + a nice range of guest artists.

And thus, this book has been configured! (°▽°)

Among these pages are even some novice and beginner drawings and I really hope there is something, atleast one page that you believe to be good.

## Copybook Reprint

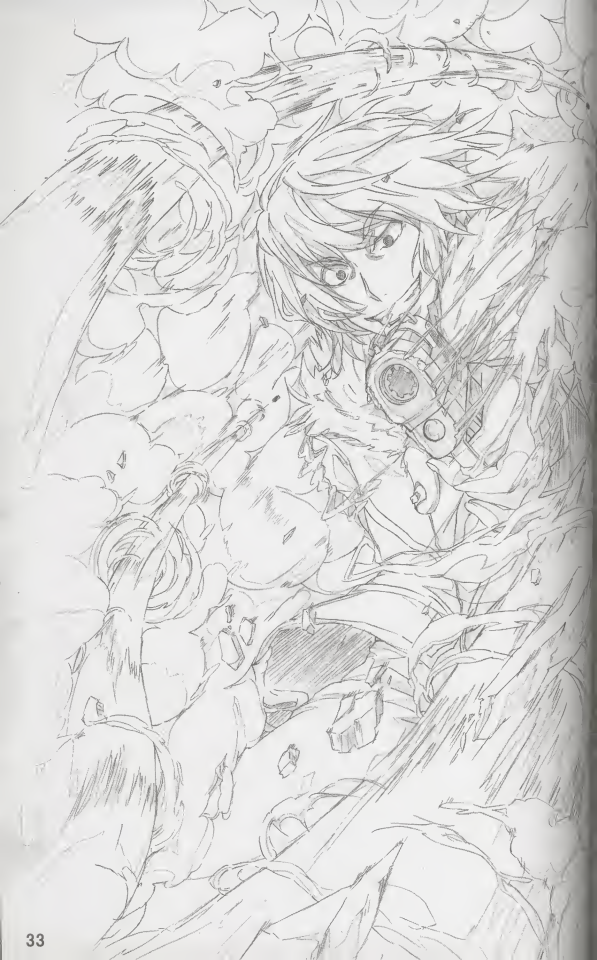

I had really wanted to correct and re-do the entire thing however, the friend I worked with got offended... I'm Sorry...  
「I was thinking about the people that didn't get to buy it previously because we ran out at the time!」

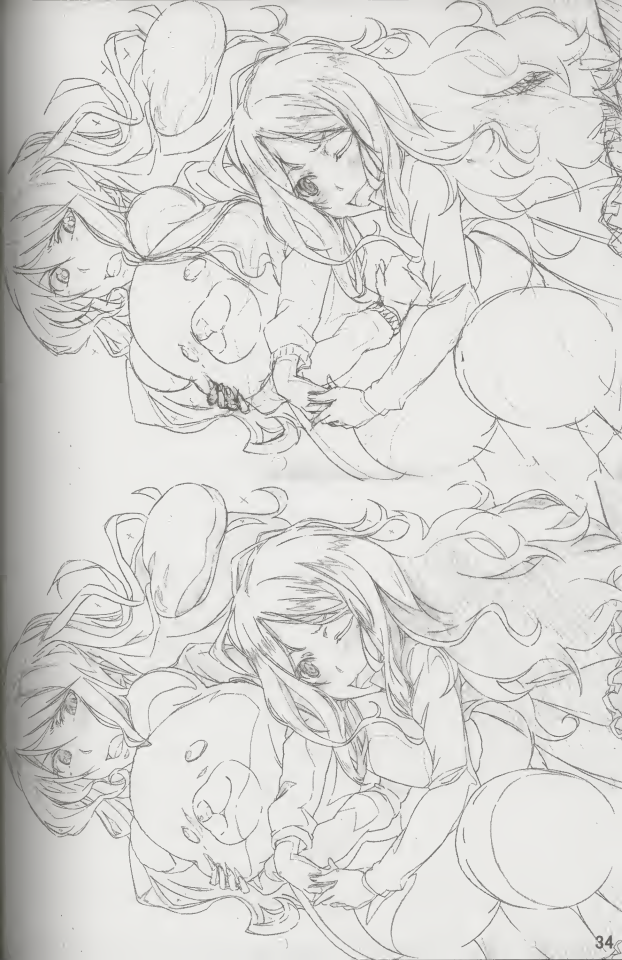

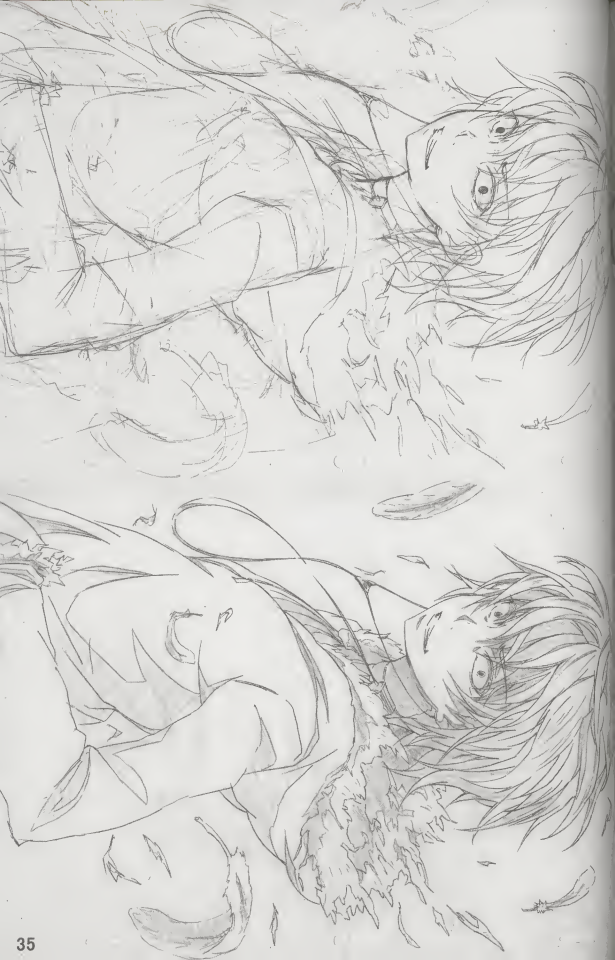

TRACES  Not very much would've changed though.

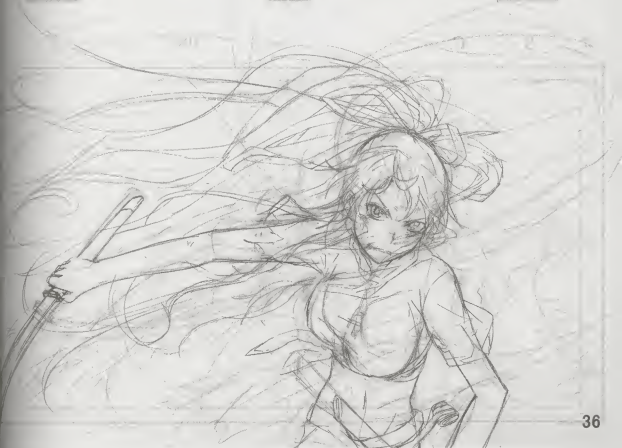

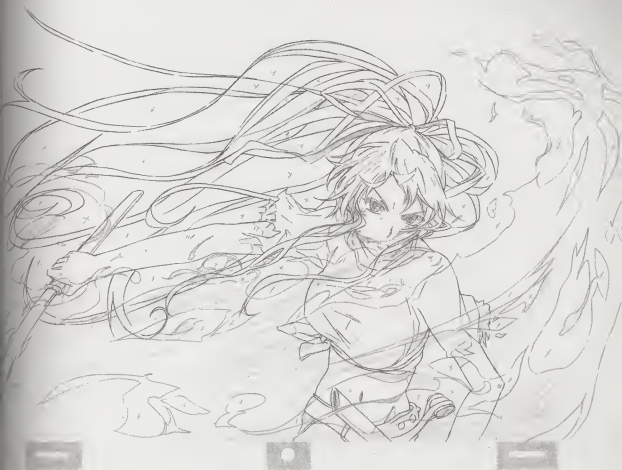

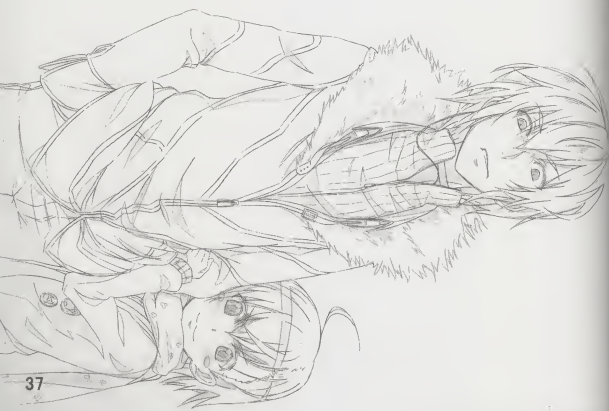

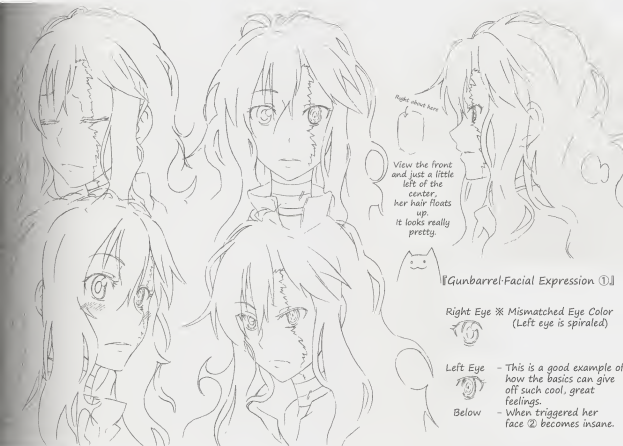

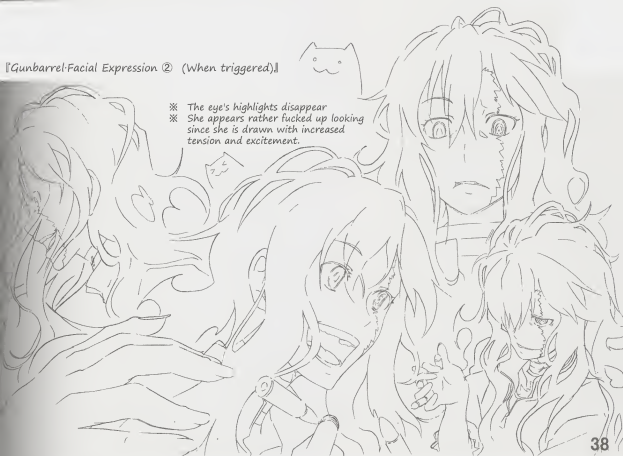

## 『Gunbarl-Facial Expression ② (When triggered)』

※ Her hair is just a little longer than her waist. (I felt like I'd make her hair look like it has bullet holes, isn't it pretty cool!)

※ Right leg is in a knee-high sock.

Left leg is wrapped around with bandages.

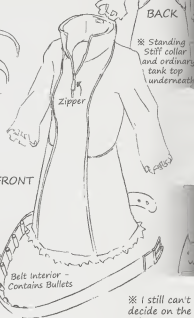

She needs to wear shoes properly~

※ She's approximately 6 heads tall  
(TN: Heads = a common anime/manga measurement term for the ratio between characters height and head length.)

※ The left side of her body is covered in burn bandages.

※ Odd-eye (Spiral left eye)

BACK

※ Standing  
Stiff collar  
and ordinary  
tank top  
underneath

FRONT

She always has this one that isn't a blade because it's tattered.

Belt interior - Contains Bullets

※ I still can't decide on the colors, I completely give up, someone else can do it!!

Good afternoon! I'm Akino Miyabi 「みやびあきの」.  
Just a little before this I was working as Akino Kana 「楓菜あきの」.

I'm an illustrator in addition to being a manga artist. I love Yata-san and that they asked me to do this! To be a guest participating is just so great! Itadakimasu~!  
I wanted to use something from a more recent anime named Zakuro†. To help push season one. Every week the beautiful young girls make my heart flutter. Such things like the design and appearance of the world along with the story make the whole package just wonderful! (\*▽\*)  
This comment isn't very good because I've spent more time doodling than writing, please excuse me~. Thank you very much for inviting me Yata-san!☆

[†TN: Itadakimasu is a commonly used Japanese phrase used to express gratitude before doing something, especially before a meal.]

Thank you so much for the invitation!

Kuruma & Hiei, Accelerator & Last Order, Lelouch and Trunks. I was truly perplexed on who I should draw!

# AFTERWORD

Thank you so much for reading this all the way to the end!! I really appreciate it!! Thanks to the wonderful guests who make up the main part of this book. I believe we couldn't have done this without you!!

To be honest this year was an unlucky year for me. (°v°)  
How many times did I go to the hospital between September and November because I was injured or sick. ww  
Why do bad things always occur in succession like this?  
I really thought it was an unlucky year.

Nevertheless, I started drawing a little longer than 4 years ago...  
However for 3 years it was nothing but highschool club activities.  
It was the only thing that I continued to keep doing for myself but that year is somewhat hazy.

Soon, I was keenly aware that before long I wouldn't be a beginner anymore. Not this year though, I'll do my best!! Gunbarrel!  
Oh, speaking of drawing Gunbarrel, I drew all those by hand...

I also have my HP↓ It would be nice if you could leave a comment or suggestion.
